Advanced training for Lectors

The Lector masterclass supports and challenges experienced Lectors to fine-tune their proclamation skills.

In this two-hour interactive session, Lectors will be introduced to techniques that will help them advance to the next level of expertise in their ministry.

Refine and develop your skills

The masterclass builds on the ACU Centre for Liturgy's introductory Lector training course, Speaking Awesome Words. You are invited to work with experienced liturgical specialists offering personalised advice and constructive feedback on your proclamation style, in addition to helpful strategies for bringing God's Word to life in your parish.

Be challenged

In this session, Lectors will engage with some of the most technically challenging readings found in the Lectionary for Mass.

How to apply

To schedule a training session and for fee information, please visit www.acu.edu.au/centreforliturgy/pastoral-training
